

HUMAN ISSUES MADE BY WESTERN PROGRESS AND THEIR ANSWERS - AN IMPRESSION

Abstract:

Affected by the present 'humanized' world and 'progressed western development', the disasters of the strong western media are arriving at house to house and it has dove individuals of the world into a hurricane of untruths where human issues veer off-track. There isn't anything gainful for mankind. Under a thoroughly examined plan, the feeling of dread toward God is being taken out from the hearts and the apprehension about misrepresentation is being ingrained in them. Is leaving Observers have seldom seen such a "acculturated" humankind whose pioneers are the enemies of millions of individuals, where a couple of industrialist examiners and worldwide financial hooligans grabbed food from the mouths of millions of individuals very quickly and ruined them. Underneath the line, where a couple of individuals are more extravagant than nations, where humankind is keeping and trillions from dollars are tossed into wars and where terms are authored to legitimize persecution on others and affected by similar media.

Introduction;

The whole world seems to be singing the same tune, where the slogans of "equality" and "enlightenment" are chanted, stripping the woman of her honor of the chador and the wall, placing unnatural responsibilities on her, making her an instrument of advertisement. She set up a factory to make her own matchboxes, and after observing this magnificent and unparalleled system of the universe and galaxies, she considered it reasonable to call it a coincidence. This God-unfamiliar savage civilization considers itself the legitimate right to lead the world and is a major and influential member of the media. In its enslavement, it heals the wounds of humanity and the solution to all the problems of humanity. The system of life makes Islam obsolete and unworkable. The religion of peace and love that declares the unjust killing of one human being the murder of all humanity:

Whoever kills the soul is not in the land, but the people.

"Whoever kills a human being for a cause other than bloodshed or for spreading mischief in the land, it is as if he killed all human beings, and whoever gives life to someone, it is as if he gave life to all human beings."

The savages who killed millions of people in the world wars, who are still playing bloody holi, call this Islam spread by the force of the sword which spread over the whole of Arabia with less than a thousand casualties and in the entire history of which not a single Muslim ruler can be

accused of killing one lakh people. The global economic thugs and their followers, who are the pioneers of usury system, who have amassed the wealth of the world through illegitimate tactics, who have squeezed the blood of millions of poor people and increased their bank balances, and their followers call this Islamic system unworkable. Ensuring the distribution of inheritance, zakat, sacrifices, orphans, the poor, the needy, travelers, guests, neighbors, relatives, the distribution of wealth in the form of benevolence and whose economic system is based on:

(لَا يَكُونُ دُولُهُ بَيْنَ الْأَغْنِيَاءِ مِنْكُمْ} سورة الحشر (59)

"He (wealth) did not circulate among your wealthy people."

Islam ensures the distribution of wealth in its system instead of sucking the blood of the poor and concentrating wealth. Makes zakat obligatory, encourages charity and identifies the rights of orphans, the poor, relatives and even travelers in your wealth. One who honors women in relationships and makes them share in inheritance, and one who teaches his followers justice, truthfulness and principles even in enmity:

يا أيها الذين امنوا كونوا قومين لله شعاء بالقاء يجرمكم

"O you who believe! Be steadfast for the sake of Allah and bear witness to justice. Do not let the enmity of any group provoke you so much that you turn away from justice. Do justice, this is more appropriate than fear of God. Fear Allah and keep working. Allah is fully aware of what you do. "

يا أيها الذين امنوا كونوا لله ولا أنعسكم أو الولدين ولاأقراصر إن المان أو أو فاقع فانه أولى فعانا فإن إلن الهوى أن معاد فإن (الله الله أو تعما تعملون فإن الله الله بعما طورة النعرا 4)

O you who believe, be the bearers of justice and be witnesses for the sake of God, even though your justice and your testimony may not be against your own selves or against your parents and relatives. They are more benevolent than you, so do not desist from pursuing your own desires. And if you utter a lie or deviate from the truth, then know that Allah is Aware of what you do. . "

These are just some of the goal set by Islam centuries ago. Are they impractical today? Is today's blind civilization also teaching humanity such principles of justice? Take a look at his face in today's world scenario. And surely this is a place of reflection for those who seek refuge in Allah the heedless are fascinated by this civilization.

And then Islam invites all mankind to reflect on its teachings with an open heart and mind, and demands that human beings, as intelligent beings, consider the invitation it has given them with common sense:

رَنَّ شَرَّ الدَّوَابِّ عِنْدَ اللَّهِ الصُّمُّ الْبُكْمُ الَّذِينَ لَا يَعْقِلُونَ {22} سورة الأنفال

"Surely the worst of beasts in the sight of Allah are deaf and dumb people who do not use their intellect."

{وَمَا كَانَ لِنَفْسٍ أَنْ تُؤْمِنَ إِلَّا بِإِذْنِ اللَّهِ وَيَجْعَلُ الرَّجْسَ عَلَى الَّذِينَ لَا يَعْقِلُونَ} 100

"No soul can believe without the permission of Allah, and the way of Allah is that those who do not use their intellect will be polluted."

We wonder if this Western media has taken away the God-given instinct to distinguish between right and wrong and between good and evil, which is one of the signs that man is a noble creature. Iqbal would have said, "Media is the greatest of these new gods." Of course, there is an ocean of information today, but not even a drop of knowledge of truth can be found in it, and the signs of the Hour are near. Appear to be there is a crowd of critics and analysts, but the number of reformers who, with the knowledge of the truth, have mercy on the wounds of humanity, the Messiah of the sufferings of humanity, and the reformers who quench the thirst of the human soul with truth is not equal to salt in flour. Today, we cannot say that there is no room for reform in human societies and that there are no acceptors of reform definitely can be.

Today, the majority of the Muslim Ummah is witnessing this lie presented by the media, is wasting their talents and time in it and we can see, examine, examine and form an opinion on the situation, events and issues through the lens given by them. Do However, one of the virtues of the believers in the Qur'an is that they do not bear witness to falsehood:

(وَالَّذِينَ لَا يَشْهَدُونَ الزُّورَ} 72} سورة الفرقان 25)

"And they do not bear witness to falsehood."

As a result, instinctual knowledge gradually disappears from our sight and we do not have time to know the facts which are of the utmost importance to these issues, which it is our first responsibility to know and which we do not know, do not believe. , And our perpetual success or failure depends on not following them.

Today's man, instead of testing the health of his intellect and thought on the system given by his Creator, tests his system on his intellect through the lens of falsehood and if he does not understand the matter then he declares the system of Islam unworkable. Is. We would say that anyone who wants to know the correctness of his mental and intellectual health should test it on Islam. If you believe in heart and mind in every belief, every teaching and every rule and decision of Islam, then give thanks to Allah for this blessing of Sharh-e-Sadr that your nature has not been distorted and pray:

(رَبَّنَا لَا تُزِغْ قُلُوبَنَا بَعْدَ إِذْ هَدَيْتَنَا} 8} سورة آل عمران 3)

"Lord, when You have guided us to the right path, then do not let our hearts become crooked."

Otherwise, weep and pray for your guidance and for that turn to Allah sincerely.

How distrustful of Allah and how disrespectful of His blessings, ie of the Islamic system, that we practically say that we do not need His guidance and rules in matters of life, they have become

obsolete. We will make our own rules. Is this the value of God? Shall we disregard the fact that there is no guidance from Allah?

(وَمَا قَدَرُوا اللَّهَ حَقَّ قَدْرِهِ ۖ ذُكِّرُوا أَنَّهُ مَّا نَزَّلَ اللَّهُ عَلَىٰ بَشَرٍ مِّن شَيْءٍ {91} سورة الأنعام 6)

They did not value Allah as He deserves, when they said that Allah has not revealed anything to any human being.

And on this occasion we also forget that the divine law is not just a recommendation but:

(وَمَن لَّمْ يَحْكَمْ بِمَا نَزَلَ اللَّهُ فَأُولَٰئِكَ هُمُ الْكَافِرُونَ {44} سورة المائدة 5)

"And those who do not judge by the law revealed by Allah are the disbelievers."

(وَمَن لَّمْ يَحْكَمْ بِمَا نَزَلَ اللَّهُ فَأُولَٰئِكَ هُمُ الظَّالِمُونَ {45} سورة المائدة 5)

"And those who do not judge according to the law revealed by Allah are the wrongdoers."

(وَمَن لَّمْ يَحْكَمْ بِمَا نَزَلَ اللَّهُ فَأُولَٰئِكَ هُمُ الْفَاسِقُونَ {47} سورة المائدة 5)

"And those who do not judge according to the law revealed by Allah are the transgressors."

The fact is that we are in a great ordeal. Our intellect and understanding, our wisdom and understanding, our capacity, our decisions and our authority are being tested in a very big and severe way. Let us know our Lord and believe in Him and follow the path of obedience and worship. Take the fear of others and the hopes of others out of your heart and put his love and fear in your heart and adopt such piety from him as is his right.

O you who believe!

"O you who believe, fear Allah as He should be feared. And death will not come to you except as long as you are Muslims."

The nests built on the delicate branch ... Atheism, atheism and cruel nature There is no need to distort your nature by being intimidated and fascinated, and fascinated by this beautiful deception. Because fighting nature always leads to defeat. Today is the time for us to strengthen our relationship with our Lord and adhere to the nature that Allah has created us for:

فَأَقِمْ وَجْهَكَ لِلدِّينِ حَنِيفًا فِطْرَةَ اللَّهِ الَّتِي فَطَرَ النَّاسَ عَلَيْهَا ۚ لِّلَّ الْقِيلَ

Therefore, be united and turn your face towards this religion. Stand firm on the nature on which Allah has created human beings. The structure created by Allah cannot be changed. This is the true religion. But most people do not know. "

Today is the time to understand and embrace the blessings of Islam more than ever before and to communicate it as much as possible so that people can get acquainted with this blessing and get

out of the clutches of lies. Today we have to tell humanity that the only solution to all the problems of human life is in Islam. This is an opportunity for us to prove our loyalty to the Lord and to fulfill the covenant we have made with Allah as Muslims:

{لَا إِلَهَ إِلَّا اللَّهُ وَنُحْيِي وَيُحْيِي وَمَمَاتِي لِلَّهِ رَبِّ الْعَالَمِينَ} 162

"Indeed, my prayers, all my rites of worship, my life and my death, are all for Allah, the Lord of the worlds, with whom there is no partner."

And the truth is that this life of ours is an opportunity to earn good deeds and prove ourselves as the vicegerent of Allah. And whatever good we earn and send for ourselves, we will find it with Allah:

Al-Baqarah (2)

وَقِيمُوا الصَّلَاةَ وَآتُوا الزَّكَاةَ وَمَا تُقَدِّمُوا لَأَنْفُسِكُمْ مِنْ خَيْرٍ تَجِدُوهُ عِنْدَ اللَّهِ بِمِثْقَلِ ذَرَّةٍ

Establish prayers and pay Zakat. Whatever good you earn for your destiny, you will find it with Allah. Everything you do is in the sight of Allah.

Islam is the cure for the sufferings of humanity, and the solution to all human problems, especially the economic, social and societal problems created by today's Western civilization. Today, in this conflict of truth and falsehood, if we put some of our efforts, abilities and time in the scales of truth, then it is better for us, because the final decision is to be made on the Day of Resurrection. Where no one will be wronged in the least:

(سورة الأنبياء 21)

وَنَضَعُ الْمَوَازِينَ الْقِيَامَةِ فَلَا تُظْلَمُ شَيْئًا

On the Day of Resurrection, We will set up just right scales, then no one will be wronged in the least. We will bring to the fore what will be equal to a grain of mustard seed and we are enough to calculate.
